Elizabeth Collar For Dogs And Cats

An Elizabethan collar, E collar, Buster collar or pet cone (sometimes humorously called a pet lamp-shade, pet radar dish, dog-saver, or cone of shame) is a protective medical device worn by an animal, usually a cat or dog. Shaped like a truncated cone, its purpose is to prevent the animal from biting or licking at its body or scratching at its head or neck while wounds or injuries heal.

Retractable Ultra Strong Nylon 300 cm Dog Strap Leash

The handles of most retractable leashes are designed to fit comfortably in a human hand. A button on the handle controls how much of the cord is extended. Retractable leashes are popular primarily because they aren't as confining as regular leashes, allowing dogs more freedom to sniff and poke around on walks.

Pooper Scooper For Dog

A pooper-scooper, or poop scoop, is a device used to pick up animal feces from public places and yards, particularly those of dogs. Pooper-scooper devices often have a bag or bag attachment. 'Poop bags' are alternatives to pooper scoopers, and are simply a bag, usually turned inside out, to carry the feces to a proper disposal area. Sometimes, the person performing the cleanup is also known as the pooper-scooper.
